2. 중간 [Easy Silder] 위 박스 클릭

The screenshot shows the WordPress page editor interface for a page titled "청소년활동진흥센터". The main content area is being edited using the "Avia Layout Builder". The layout consists of two columns. The left column is a "Color Section" with a width of 3/4, containing a white box with a "Easy Slider" widget. The right column is a "Color Section" with a width of 1/4, containing a map image with the text "경상남도 청소년 수련시설". A red box highlights the "Easy Slider" widget in the left column. The right sidebar shows various settings, including "페이지 Restriction" (Status: Unblocked), "공개" (Visibility: Public), and "페이지 속성" (Parent: (부모가 없습니다)).

7. 최종 업데이트 클릭 / 확인

The screenshot displays the WordPress page editor for '청소년활동진흥센터'. The main content area shows a text block with the question 'All in One SEO를 즐기고 계십니까?' and a '네, 좋아요' button. Below this, there are two notices about KBoard updates. The Avia Layout Builder is active, showing a grid of layout elements and a preview of the page with a banner for '경상남도 청소년수련시설'. The right sidebar contains various settings, including '페이지 Restriction' (Status: Unblocked), '공개' (Change status), and '페이지 속성' (Parent: None). The '업데이트' (Update) button in the '공개' section is highlighted with a red box.
